

Project Progress Report

Department: Computer Science and Technology

Name: Chansa Bwalya

Student ID: 5111710501

Supervisor: Zhen Lanling

Project Schedule & Progress

Start/End	Missions
	Progress Evaluation
2020/02/20-2020/03/05	To find a project of interest and a method of implementation
	Decided on lane line recognition under image processing
2020/03/06-2020/03/19	Read research papers and articles on Lane line recognition and use of OpenCV to get knowledge.
	Getting familiar with Atom, Python and OpenCV functions.
2020/03/20-2020/04/02	Read about previously implemented algorithms in history
	Research on performance metrics used for lane detection algorithms
2020/04/03-2020/04/16	Sampled online codes and test data
	Wrote my own program and based it on sampled test data
2020/04/17-2020/06/01	Writing thesis.
